**HOLIDAY HOMEWORK
SESSION: 2024-25
CLASS III**

THEME: SAVE WILDLIFE

**“We don’t own the planet Earth.
We belong to it and we must share
it with our wildlife.”**

We have highlighted the topic, ‘Save Wildlife’ by choosing this theme because from an early we want students to empathise with different creatures. From mighty elephants to colorful butterflies, every animal plays a vital role in maintaining the balance of nature. Through fun activities and exploration, we will learn about the challenges facing wildlife and discover how we can make a difference. Together, let's embark on an adventure to save wildlife!"

**Wishing everyone a fun and healthy holiday!
Enjoy your summer!**

Message for parents

Dear parents,

Holidays are a cherished time that children eagerly wait for, offering a wonderful opportunity for them to refresh and have a healthy break. It's a perfect period for students to develop new skills and hobbies, ensuring they have plenty of fun. Encouraging them to engage in activities that develop skills and hobbies not only adds joy to their vacation but also fosters personal growth.

Additionally, holiday homework plays a crucial role in shaping their intellectual minds. It offers a chance to apply and experience what they've learned in school, fostering a deeper understanding of concepts. Exploring the locations mentioned in their study materials or making models of the concepts learnt in Science, these are the fun activities that create a clear foundation.

As we embark on this holiday journey, let's make the most of it by encouraging our children to take up opportunities for their growth. Wishing you all an enriching holiday season filled with cherished memories and meaningful experiences.

Warm regards,

Principal
